To Community Members of Cracow University of Technology

With this letter we express our deep condolences to the Community of Cracow University of Technology, the family members and friends for the pass away of the Rector prof. dr hab. inz. arch. Andrzej Bialkiewicz.

The richness of Prof. A. Bialkiewicz's personality in research and teaching, international academic activities, artistic works, his passion to classical music and historic motor vehicles to mention a few, is a great proof of the individual harmony and love to whom he was meeting and what he was doing.

We will cherish all the good memories we had in scientific partnership with the prolific researcher Mr. Bialkiewicz.

May Andrzej Bialkiewicz rest in peace.

Rector

Romualdas Kliukas
